

## SAFETY. PRIORITY ONE.

Coastal maintains a large, safe and experienced logistics and delivery staff. This provides our customers with safe, on-time delivery of products and services. Our truck fleet consists of modern, well-maintained vehicles designed specifically for our industry and are only driven by experienced, highly-trained professional drivers.

Our Team is proud to have received the inaugural CGA/GAWDA Distributor Safety Award in 2011, and again in 2015 for companies that have shown the greatest safety performance during the previous two years. Coastal is primarily a supplier of top-quality gases and equipment and the safety of your operation is our number one priority.

You can look to Coastal for:

- Important safety products and equipment
- Current safety information
- Seminars on how to use our equipment and gases safely
- Immediate reaction time to manage your concerns

## 100% CYLINDER TRACKING = REDUCED RENTAL COSTS

Coastal provides supply chain excellence with OnTrack. Utilizing RFID transponders for cylinder tracking, Coastal OnTrack offers 100% cylinder tracking, cylinder management and cylinder traceability. Coastal OnTrack assists with the reduction of operational costs by offering a real-time web based cylinder inventory program.

- Regulatory compliance record keeping
- Hazardous material management
- Increased security and accountability of cylinders
- Online certificates of analysis
- Detailed rental invoices
- Job cost accountability by job department or job site
