

COASTAL

NITROGEN SERVICES

SERVING the PETROCHEMICAL INDUSTRY
of the **GULF COAST**

YOUR NITROGEN SOLUTIONS SUPPLIER

COASTAL Nitrogen Services provides a fast, flexible supply of Nitrogen for oilfield services, plant turnarounds, pipeline purging and testing.

24/7 Operations.
Go Anywhere, At Any Time.
Safety First.

Our solutions include High Pressure Nitrogen Pumping Units, Liquid Nitrogen Transports, Portable Liquid Tanks and Trailers and High Pressure Nitrogen Tube Trailers.

Our resources include our own fleet of Nitrogen Transports with supply contracts with two major industrial gas suppliers.

Safety. Priority One. Our Nitrogen Services division maintains a large, safe and experienced logistics and delivery team. This provides our customers with safe, on-time delivery of products and services.

We can meet all of your requirements through our flexible Nitrogen options.
